Vir Aandag: Mr Gräbe

Tov MGEV se aktivisme rondom gemeenskapsbelange, die aangehegde voorstel (soos gekommunikeer per voorafgaande e-posse) is nog steeds van toepassing om daadwerklike, breë bekragting te laat realiseer.

Indien PHES gestel word teenoor Hartenbos se hibriede stelsel (soos per berekening in die tweede aanhangsel), is die ekonomie daarvan onomwonde ?

Vir die rede dat die Gemeenskap Struktuur nog nie in plek is nie word die aangehegde konsep vir die doeleinde van deelname aan die tender proses intussen gekommunikeer

Geneem teen die oorhoofse van alle partye behoort dit die besluitnemers se guns te geniet

Dienswillig, die uwe
